## **RECOMMENDATION**

It is recommended that your Board approve the attached resolution proclaiming October 2012 as "Energy Awareness Month" in San Luis Obispo County.

## **DISCUSSION**

On behalf of San Luis Obispo County Energy Watch Partnership, the Community Action Partnership of San Luis Obispo County, San Luis Obispo County Air Pollution Control District, the County Planning and Building Department and the General Services Agency, staff requests that October 2012 be designated as "Energy Awareness Month" in San Luis Obispo County.

Designation of October 2012 as "Energy Awareness Month" will inform San Luis Obispo County residents and business owners about the various programs and resources for energy efficiency and reducing energy bills. This is consistent with the countywide goal of providing a Livable Community. In addition, "Energy Awareness Month" is also consistent with the County's Energy Strategy in that it encourages local agencies and organizations to provide energy efficiency and renewable energy education and outreach to the community under an organized framework of events throughout the month. This allows local experts to communicate with the community in a more unified fashion about the economic and indoor air quality benefits of retrofitting homes and businesses, and raises awareness about the funding opportunities and cost effectiveness of energy efficiency and renewable energy projects.
